### The Recital

Julie is taking violin lessons with her teacher, Mr. Miller.

“Your **recital** is in two weeks, Julie,” says Mr. Miller. “Practice every day for forty-five minutes, and I think you’ll be ready.”

That week, Emma comes over to Julie’s house every day after school. They play video games, design clothes, and listen to music. Julie doesn’t practice her violin very often.

A week later, Mr. Miller listens to Julie play. He looks worried. He tells Julie she’s not ready for the recital.

“Did you practice every day for forty-five minutes?” he asks.

“Well, **almost** every day,” says Julie.

Emma calls Julie that night. “Are you ready for your recital?” she asks.

“No, I’m not. I still need to practice,” says Julie.

Julie practices for an **hour** each day. At the recital, she plays beautifully. Her parents are **proud** and so is Mr. Miller. Julie thanks him for telling her to practice. She learns that to be really good at something she has to work hard at it!

Be responsible.

## How to Be a Healthy Student

Students have busy lives. Many go to school every day, and they often have activities after school. They usually have a lot of homework. To be a happy and **successful** student, you need to stay healthy. Here are three things you can do.

once  
twice  
three times

a day  
a week

### 1. Exercise

Students often sit at their desks for hours, but it's important for them to **exercise**, too. Try to get some exercise once or twice a day. When **possible**, go for a walk or ride your bike to school. Exercise can be more fun when you do it with a friend. You could also join a sports team.

### 2. Eat Good Foods

Pizza and ice cream taste good, but they're not always good for your health. It's important to eat **balanced meals** three times a day and to get enough fruits and vegetables. Eating breakfast is good for you, too.

### 3. Have Good Habits

Healthy **habits** will help you do well every day. Floss your teeth at least once a day. Take a shower often and go to bed **early**. Always get enough sleep. It can help you do better at school and on tests!

- Use **headings** to find information.
- **Pictures** can help you understand the reading.
- The **first sentence of a paragraph** usually tells about the subject.
- **Skim** the reading for main ideas.
- The **introduction** and **conclusion** of a reading tell you the topic.
