

PLANETS SONG Lyrics:

(The Planets Video is a [Science Song Video](#) by Have Fun Teaching.)

Mercury is **the closest planet** to the sun
Venus comes next it's **the hottest one**
Earth **comes third** the only life that we know
Mars has **the largest** canyon and volcano

Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune

The gassy planet Jupiter, **the largest** you will find
Saturn has **rings** around the outside
Uranus is **funny** 'cause it spins on its side
Neptune looks **blue**, **the coldest** of its kind

Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune

Okay get ready
We're gonna say all the planets really, really, really fast
Can you keep up?
We're gonna say all the planets from the first to the last

Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune
